

Rockwell Parts

Rockwell Parts - AxleTech International is a premier supplier in the globe of specialty vehicle drive-train systems and components together with off highway vehicles. The company prides itself on being its clients' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for service, technology, delivery and quality. They believe in working within an environment that encourages the highest integrity with empowered teamwork, together with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great importance on being an environmentally conscious company and providing a safe atmosphere for their employees to work in. Additionally, they have applied numerous programs in the corporation to be able to help convey these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any questions or comments, since they are happy to share and promote this policy with a greater knowledge of their efforts. They are very dedicated to improving and preserving the natural world. AxleTech has an EHS program that not only protects the environment but which likewise actively protects their neighbors and workers too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles used for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech specifically designs axles in order to meet particular application demands. They have more than 1000 various axle specs in their existing offering. With over 100+ years of experience and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in many commercial and military applications. They offer complete axle assemblies for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have extra details that can be seen in the "ISAS" product collection.
