

## Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how tiresome it would be to tidy up your very own house right after having a large party, with no assistance from cleaning equipment. Before, when upholstery and carpets had the dirt beat out of them by hand; brooms, cleaning cloths and brushes were the state-of-the-art cleaning supplies back then.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Establishing the company in the year 1906, he began to make motors to be able to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the beginning was to own an international company selling goods globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a incredible, ground breaking vacuum cleaner that can be operated by one individual for the reason that it just weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were very big and required at least 4 operators, hence, the Nilfisk C1 transformed everything and evolved the method we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an existing crisis; stuff get dirty and must be cleaned frequently, without too much effort.

Slowly, the company Nilfisk-Advance developed throughout the years. During the the early part of the nineteen eighties the business developed fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, aiming to be an active worldwide player in producing professional cleaning equipment. Nilfisk-Advance is now found in all parts of the world by steadily acquiring many smaller companies to be able to grow their product portfolio and presence in new markets. They are really proud to present different cleaning solutions to meet each and every need.
