Genie Forklift Parts - Genie Industries prides itself with the notion of lifting individuals and resources higher, extending beyond the products they design. A worldwide company that is greatly connected to their customers and enjoys reflecting the spirit of partnership with all they accomplish. The inauguration of the Genie Hoist in 1996, a pneumatic, versatile materials lift initiated the start of Genie Industries. A series of aerial work platforms and additional material lift trucks followed to meet customer demand. These progressive goods secured global recognition and established modern product design.
