

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each international industry. Transporting industrial goods occurs each day on our busy planet. Primarily innovated as industrial vehicles in the 1930s in America, forklifts gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread worldwide.

In the year 1949, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the business is simply referred to as TCM Corporation. Over the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation in the trade. TCM started constructing lift truck manufacturing locations outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

With more than fifty years of accumulated technology and expertise, TCM has been proudly making many models of industrial lift trucks, making their models recognizable all over the world. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling company.
